Target version:	2.2		
Description			
v.2.2 latest commit a8d11ebc8a with default ping.xml both ping and traceroute commands should be interruptable, but only ping can be interrupted. found a way to accomplish it by prefix sigexec with commands.

I have tried to use xml-examples/klish/etc/clish. Both the ping and traceroute are interruptible. So can't reproduce.
